

TO THE PARTIES, OBSERVERS, SPONSORS AND EXPERTS VISITING LIMA FOR COP-20

# PERU IS NOT BRAZIL NO ES N'EST PAS IST NICHT

IN PERU, WE, THE INDIGENOUS PEOPLE, HAVE BEEN MINING OUR LAND FOR CENTURIES,  
BUT WE HAVE BEEN INVADED, LIKE THE BLUE PEOPLE IN AVATAR

TODAY WE ARE BEING INVADED VIOLENTLY BY THE MINISTER OF THE ENVIRONMENT

IN THE HIGHLANDS, THE COAST AND JUNGLE, WE LOVE NATURE

There are some seven million of us blue indigenous people, members of peasant communities, that own most of the mining areas of Peru, and we are tired of the endless red-tape set by Minister Pulgar —three years of paperwork and less than 0.1% of us with permits to work mines.

**“We are being exterminated in the name of nature. That is why on 10 December, thousands of us will meet in Lima, in peace, to talk with you about the proposal we have prepared with the ILD and to resolve this tragic situation.”**
